Please note:

The language in the videos is (partially) russian. The mod will have all stock languages, including english.

Now, what we can do for you? See it here.

Base-Packs (These packs are the base for every mod. Selection is automatic by your cars data):

Name	Avail.	Description	(GBP/EUR)
Base-Pack (1412)	Facelift	<p>PTC indicator (if installed), visual PDC (if installed), correction of ambient light/low beam indication, removal of „door open“ warning (open doors will still be shown on car symbol), show clock on standby, indication of selected gear for automatic gearboxes.</p> <p>Videos: PDC: https://www.youtube.com/watch?v=M9ISgtvUdJ0 PTC: https://www.youtube.com/watch?v=qps3Y36gAwg Gear indicator: https://youtu.be/UtvKTZQYsQc Correction of light indication: https://www.youtube.com/watch?v=Dodgbly20Tg</p>	57,- / 60,-
Base-Pack (1122)	preFacelift	<p>PTC indicator (if installed), visual PDC (if installed), correction of ambient light/low beam indication, removal of „door open“ warning (open doors will still be shown on car symbol), cruise control in facelift-design, indication of selected gear for automatic gearboxes. Also the second colourtheme will be replaced with the darker facelift theme. Icons also get the Facelift look!</p> <p>Videos: PDC: https://www.youtube.com/watch?v=hAHyDzXOD10 PTC: https://www.youtube.com/watch?v=WnCYhghd9c4 Gear indicator: https://youtu.be/UtvKTZQYsQc Correction of light indication: https://www.youtube.com/watch?v=Dodgbly20Tg</p>	57,- / 60,-

Options:

Colourthemes	Facelift	6 new colourthemes, selectable in the menue.	19,- / 20,-
Digispeed	all	Digital speedometer, can be turned on and of in menue at any time. <u>Video:</u> https://www.youtube.com/watch?v=OP3cteHoSC4	19,- / 20,-
Light-Pack	all	The light indication will distinguish between ambient light, low beam, high beam and foglights (front and rear). Also turn indicators will be shown. <u>Video:</u> https://www.youtube.com/watch?v=RwdDS2gFGsc	19,- / 20,-
TPMS-Patch	all	Always know your tire pressure with this nice feature (sensors not included). <u>Video:</u> https://www.youtube.com/watch?v=QNpk9JxYkIQ	38,- / 40,-
Additional gauges I	all	Always keep track of your precise voltage and engine temperature. This feature can be toggled in menue. <u>Video:</u> https://www.youtube.com/watch?v=cuPNvDr4vgg	19,- / 20,-
Boost indicator	all	This package adds a boost indicator to the ConversMod. This can be switched on and off. For the facelift Convers+ the combination with Additional Gauges is recommended, as boost indicator takes place of stock engine temperature gauge. For this package a gateway adapter is needed. This is not included and will be added to your order on the website automatically.	38,- / 40,-
AT oil temperature indicator	Cars with AT transm.	With this package you can always keep track of your automatic transmission oil temperature. For this package a gateway adapter is needed. This is not included and will be added to your order on the website automatically.	19,- / 20,-
Tire Pressure diagnose menu	all	This package adds advanced tire pressure system diagnose information, such as battery status of the sensors, to the Convers+. It works with factory TPMS as with our TPMS patch package. For this package a gateway adapter is needed. This is not included and will be added to your order on the website automatically.	19,- / 20,-

Logos:

Custom Logo	All	Replace the standby logo with your own picture (400*198Pixel).		19,- / 20,-
Alternate-Logos	All	1. 	2. 	free**
		3. 	More free alternate logos can be found in order process on website.	

**separate change apart from other orders/addons: 19,- GBP

Mandatory packs (will be added automatically in your order if needed):

Update to version 1412	Update to original version 1412	free
Update to version 1122	Update to original version 1122	free
PAM-Upgrade	Upgrade of the PAM module to send data on can. Needed for visualisation for modules 2008 and older.	free

Special stuff (Order by mail! info@conversmod.de):

Compatibility-Patch	With base-pack	Use this to install a facelift Convers+ into your preFacelift	19,- / 20,-
Compatibility-Patch	Without base-pack	As above package but without any features of the ConversMod. No AddOns possible.	47,- / 50,-

Hardware:

HS/MS-Can Gateway	This adapter is needed for some packages of the ConversMod and will be added automatically during order process, when needed. For this device soldering skills are needed for installation. EU wide shipping included.	35,- / 40,-
HS/MS-Can Gateway with Case	This adapter is needed for some packages of the ConversMod and will be added automatically during order process, when needed. This version comes in a plastic case to protect it against physical damage. For this device soldering skills are needed for installation. EU wide shipping included.	40,- / 45,-
HS/MS-Can Gateway with OBD-connector and case	This adapter is needed for some packages of the ConversMod and will be added automatically during order process, when needed. It has a OBD connector for simple installation and comes in a plastic case. EU wide shipping included.	45,- / 50,-

What you need to install the ConversMod:

This you will need to install your ConversMod:

- Car with Convers+ (any version)
- A charger for your car's battery
- A Laptop with sufficient power and a charging possibility next to your car
- a modified, ELMConfig compatible ELM327
- The Ford Mod Helper http://www.conversmod.de/files/installer/installer_current.zip (will also download and install drivers for ELM327)

Or just contact our installation partner in York, UK: Gwe19891329@gmail.com

For more information contact: kassel@conversmod.de

Order now?

Visit en.conversmod.de (GBP prices) or eu.conversmod.de (€ prices).

ConversMod Germany is a private project. Future updates will be free of charge or available for a small price.

All modifications of car's software are on your own risk. All offered softwares are well tested. A responsibility for any harm/damage can not be held anyway. Further the manufacturers warranty to the modified parts (and further) will be void. Soft and Hardware are only mediated by us.
